

PRO GEAR REEL NUMBERING SYSTEM

The old system is somewhat as follows as far as I can tell based on what is in the reels:

"XYZ"

X - 2 - 2/0 size

5 - 3/0 size

4 - 4/0 size

Y - 4 - 4/0 Drags or Gear

5 - Jigmaster Drags or Gear

5 - Larger Drags

Z - 1 - Wide

0/5 - Regular width

4 - Narrow

Classic

255 270yds 20#, 5:1 gears

251 350yds 20#, 5:1 gears

545 350yds 25#, 4:1 gears

541 375yds 30#, 4:1 gears

454 300yds 30#, 4:1 gears

440 400yds 40#, 4:1 gears

441 475yds 40#, 4:1 gears

Pacifica

2000 425yds 25#, 5:1

2500 375yds 25#, 5:1

3000 400yds 30#, 4:1

3500 375yds 30#, 4:1

Albacore Specials

280 300yds 20#, 6:1

282 425yds 20#, 6:1

540 350yds 30#, 5:1 or 3.6:1

542 450yds 30#, 5:1 or 3.6:1

461 300yds 50#, 5:1

Oceanus 30 325yds 30#, 4.9:1

Oceanus 40 300yds 40#, 4.9:1

Albacore Special® Series (Gunmetal is the Standard Color)

**** Click on image at left for larger view ****

Introducing the all-new Albacore Special® Series. These models deliver and then some. These reels are unbeatable in their class. They feature a new precision-machined and hard-anodized aluminum bridge plate, four ball bearings and one anti-reverse roller bearing, combined with a dog system to create a strong and positive anti-reverse. They have a large manganese bronze alloy main, gear and a heat-treated stainless steel pinion gear.

The smooth oversized drag system of the Albacore Special® Series delivers 30+ lbs of drag pressure, which provides more than enough stopping power needed for almost any saltwater gamefish and yet still remain smooth.

Whether you're fishing for amberjack, albacore, yellowtail or offshore tuna, the Albacore Special® reels are definitely the reels for you and a must on any trip.

Specs :

ABS280S-7 - 6:1 Ratio | Wt. 22oz | Capacity 300 yds/20lb mono - \$349.00

ABS282S-7 - 6:1 Ratio | Wt. 24oz | Capacity 425 yds/20lb mono - \$362.00

ABS540S-7 - 5:1 Ratio | Wt. 24oz | Capacity 350 yds/30lb mono - \$349.00

ABS542S-7 - 5:1 Ratio | Wt. 26oz | Capacity 450 yds/30lb mono - \$362.00

The NEW Classic Series has the features which have made the original series so popular with serious anglers, along with the added benefit of engineering enhancements that result from eight years of production experience.
