193	193-80S	LOCK NUT
264	264-80T	STAND GASKET

* NOT SHOWN

*** IMPORTANT INFO: PENN replaced the drag washer and drive plates for the newer international series reels with a combined drive plate. Penn did not manufacture a combined drive plate specifically for the older 80, 80W, 80S or 80SW reels

IF YOU NEED THE DRAG WASHER OR DRIVE PLATE(s): Our parts dept. at www.pennparts.com has found that: The 117N-80ST drive plate works as a substitute for the 117-80S plate w/6A-50 washer used on the 80S and 80SW. It has not yet been tested on the 80 and 80W reels - so we are not sure if it will also fit them

The 117AN-80T drive plate works as a substitute for the 117A-80 plate w/6A-50 washer on the 80, 80W 80S and 80SW. (The outside diameter is about 1/8" smaller but it will function).
