**MANUFACTURERS OF  
PRECISION FIBREGLASS  
& CARBON FIBRE  
PARALLEL & TAPERED  
TUBING FOR SPORT  
AND INDUSTRY**

## **OUR MISSION**

It is our mission to design and manufacture premium quality fibreglass and carbon fibre parallel and tapered tubing for sport and industry.

We will commit to prompt and efficient service delivery and client satisfaction.

We will inspire and develop the people who work for and with us to honour and achieve high standards.

We will reward them well for those achievements and for their commitment to our mission.

## **HISTORY**

The PURGLAS fishing rod factory was started in 1957. It was sold to Alan Cunningham and Garth Hatton in 1966 and has been steadily expanding since that date. Saltus Poles CC bought the business from Alan & Garth in August 2009 and will continue making the world famous PURGLAS products. While the company concentrates its expertise in Surf and Beachcasting rods, it has very strong capabilities in all types of boat rods as well as freshwater models.

Saltus Poles CC will continue to develop and improve the PURGLAS product range with their research & development experience in the engineering industry. Their knowledge of merging extreme designs with theory and innovation will push the boundaries on extreme performance.

PURGLAS products are very highly regarded wherever they are used and are the first choice of competitive South African anglers over all the imported brands. All the fishing rods made by the company are on blanks manufactured in house to our own design specification.

# TERMS OF SALE

TERMS OF SALE are as per the Company's "STANDING CONDITIONS OF SALE" as agreed upon the opening of an account, with Saltus Poles CC, in the Purchasers name – alternatively, all sales are on a "CASH WITH ORDER" basis.

All prices reflected on this Price List are exclusive of Value Added Tax. PRICES ARE SUBJECT TO CHANGE WITHOUT NOTICE, and all goods will be invoiced on the price ruling at the date of dispatch. Due to our continuing program of research and development, there will be occasions when we supply products of improved design, quality and specification. Saltus Poles CC reserves the right to deliver such improved product to any purchaser, without prior notice.

## DISCOUNT

DISCOUNT: An early payment discount of 10% may be taken on any invoice settled on presentation of such invoice. A bulk quantity discount of 10% is awarded to any single order exceeding R24 000.00, which may be spread, for delivery, over a three-month period.

'Fill in' orders placed for delivery during the same period will attract the same 10% bulk quantity discount.

## FREIGHT TERMS

FREIGHT TERMS: All orders will be delivered Carriage Forward including all costs to the customer's account. All other means of transport are to the customer's own account plus charges.

## GUARANTEE

GUARANTEE – Each and every Purglas Rod and Purglas Blank is unconditionally guaranteed against breakage for one year from date of purchase, thereafter the SALTUS POLES CC lifetime guarantee against defective workmanship or material will cover any rod or blank. This Lifetime guarantee does not cover damage caused by additions or alterations to the product, accident, abuse or normal wear and tear. Damage that is determined to be of this nature will be repaired or replaced at the purchasers' expense.

To obtain services under this guarantee, return product Carriage PAID with *dated invoice of original purchase* to the above address. This guarantee gives you specific legal rights and is limited to the repair or replacement of the rod, blank or part and does not cover consequential or incidental damages. We have carefully inspected and properly packed all products prior to shipment. However, should you detect a defect, please communicate either with SALTUS POLES CC or a Saltus Poles CC Service Centre to confirm claim and arrange transportation.

**Reg No:** 2004/099616/23

**STANDARD CONDITIONS OF SALE.****Definitions:**

1. **"Saltus"** shall mean **Saltus Poles cc.** "The customer" shall mean the person who has contracted with Saltus Poles cc.

**General:**

2. All payments shall be due and payable on presentation of invoice.
3. Amounts outstanding beyond that 30 days shall bear interest at the maximum permitted by law calculated thirty days from the date of each invoice in respect of the amount due and as reflected on the invoice.
4. If payment is not in accordance with Clause 2 hereof, any rebates or trade discounts allowed shall be added back to form part of the amount due.
5. The customer shall pay all legal costs on an attorney and client basis including collection commission.
6. The customer shall not hold Saltus liable for any direct or consequential loss or damage whatsoever or howsoever occasioned and indemnifies Saltus against any such loss and /or damage occasioned the customer and/or third parties as a result of or incidental to or arising out of any contract concluded with Saltus and the customer.
7. Saltus accepts no liability for late delivery and in no case shall time be of the essence in relation to any delivery of any order unless the customer and Saltus have specifically agreed to such delivery time in writing.
8. Any claim for shortage on delivery or defective goods must be made in writing upon receipt of the goods and no claims will be entertained unless made in writing within seven days of receipt of such short delivered or defective goods.
9. No terms, conditions or warranties other than those incorporated herein shall be binding on Saltus unless reduced to writing and signed by both parties and the relaxation of any one of these terms and /or conditions shall not constitute a notation or waiver of any of these terms or conditions
10. Should any other terms and conditions binding on the customer and/or Saltus conflict with any of the terms and conditions herein contained then these conditions shall have precedence and be construed as a contract between the parties.
11. If there should be any increase in the cost to Saltus of any goods sold to the customer or material or labour making up work done by Saltus or the customer between the time of conclusion of the said contract of sale and delivery of the said goods or between the said time of conclusion of the contract and the complete performance of the said goods or between the said time of conclusion of the contract and the complete performance of the said work, then such increase shall be added to the price agreed for payment by the customer to Saltus. The customer agrees that if any such increase in cost is certified in writing by Saltus' auditors then such increase shall be binding upon them and such certificate shall be sufficient and satisfactory proof of such increase.
12. Ownership of any goods sold and delivered by Saltus to the customer shall remain vested in Saltus until such time as the purchase price therefore and all additional charges and interest have been paid in full to Saltus. Notwithstanding the reservation of ownership in the goods until such time as the purchase price has been paid in full, the risk in the goods will be deemed to have passed to the customer on invoicing the goods to him or his order; the customer shall ensure that he is adequately insured in this regard.
13. It is agreed that Saltus may institute any legal proceedings to recover monies due hereunder or otherwise in its own choice in the Magistrates Court of any district, which has jurisdiction in respect of the said customer under any appropriate Act.

I have read and understood this "Standard Condition of Sale".

RGR BG180C	Open Class Roller Guide Rod Curved H.A.B.	Open	R 6,240.00

The abbreviation H.A.B. denotes a Hollow Aluminium Butt.

### **THE ROD**

All 10 rods in this series have a 1-piece blank through the grip right to the reel seat. These blanks are designed with an action to give the best return on effort used and efficient lifting, taking much pressure from the angler, thus enabling him to beat the big, powerful trophy fish.

### **THE BUTT**

When matched to the machined, deep-anodised hollow aluminium butt, together with integral reel seats and gimbals, the rod becomes virtually indestructible. All models available with straight or curved butt.

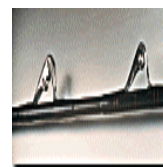

### **THE GRIP**

For a solid, secure and comfortable grip, the rods are fitted with the ultimate in designer grips, made from product used with confidence in marathon shoes soles. “PURGRIP”, despite its high level of comfort has proved to be able to withstand the roughest handling over many years.

### **AND...**

The heavier models are available with AFTCO WIND-ON series of Roller Guides and Roller Tips.

#### **THE ROD**

PURGLAS original 7 models of Ski-Boat rods have blanks through to the butt,. All these models, evolving from the early '50's, now use modern technology and materials, backed with decades of experience. The rod is easily removed from holder or rocket launcher.

#### **THE BUTT**

The butt and grip allow for comfortable handling on the longest, most demanding day fishing.

#### **THE GRIP**

For a solid, secure and comfortable grip, the rods are fitted with the ultimate in designer grips, made from product used with confidence in marathon shoes soles. “PURGRIP”, despite its high level of comfort has proved to be able to withstand the roughest handling over many years. THE REEL SEAT. Carbon reinforced stainless-steel hooded FUJI reel seats are securely fitted with correct support – they will not turn or fail under pressure.

#### **THE GUIDES**

Only quality FUJI guides, specially selected for the task, are used. Heavy for heavy, light for light, they are robust enough to withstand the pressure and survive the deck.

### ***The Gap – Why ?***

Nothing in angling has perplexed and baffled anglers quite as much as the gap between the sections of a multi-piece rod joined by a spigot. The reason for the gap is to accommodate wear in the rod, as it gets older. The fact is that both the spigot and the inside of the tip into which it fits, have the same taper. Over the years as a rod is used, both the spigot and the inside of the rod wear away minutely, as a result of which the tip will snug down further and further onto the spigot. In a perfect world you should be able to see about 12mm of spigot between the tip and the base when the rod is new. As wear takes place less and less of the spigot is visible until it effectively disappears. Now is the time to get out the 120-grit sandpaper, hold it flat on a table surface and proceed to remove about 3 mm from the base of the tip. The two will now marry up again as if they were brand new. Do not do anything other than what I have described and you won't go wrong. The one caution that I have for you is to hold the tip vertical while you are sanding off the excess at its base.
