

FATHOM LEVER DRAG 2-SPEED

FATHOM LEVER DRAG

- Full Metal Body and sideplates
- Forged and machined aluminum spool
- Stainless steel main and pinion gear

- Dura-Drag™ washers virtually eliminate hesitation, even under extreme drag settings
- Quick-Shift™ 2-speed system

- 5 shielded stainless steel ball bearings
- Double-dog ratchet anti-reverse
- Line Capacity Rings

• TOPSHOT capacities are located in the Master Capacity Chart.

The stainless steel gear train in our Fathom Lever Drag reels doesn't get much tougher. Machined from stainless steel and drilled out for weight reduction, these gears offer the perfect combination of strength and speed.

NEW

Our **Dura-Drag** material contains a special Phenolic bonding agent that prevents premature breakdown of the carbon fiber material while providing a barrier to water. We then pretreat each drag washer with a special compound developed by PENN engineers....say good by to jerky drags and lost fish.
